Waterkeeper Alliance believes that clean water is a basic human right. We unite more than 300 local Waterkeeper groups in over 40 countries to protect nearly six million square miles of rivers, lakes, and coastlines. Together, we defend clean water for more than 5.1 billion people around the world. We work in communities every day, investigating pollution, enforcing environmental laws, restoring ecosystems, and building public pressure for change. Together, we turn local action into global impact.

Because when clean water wins, we all win.
