REGIONAL ROUNDS - CHAMPIONSHIP

George Mason vs. Memphis
Postgame Quotes

November 13th, 2004
University of Memphis
FedExForum • Memphis, Tenn.

George Mason

Head Coach Jim Larranaga

"The position we were in to start the game, being a young team on the road in a first-class venue playing in a big-time national tournament probably had something to do with our slow start, and also Memphis with their tremendous athletes. We weren't able to execute offensively the way we would have liked right from the very beginning. We did get the ball inside to Jai Lewis early and he was able to score some, but we never got our perimeter players really involved in the game and that hurt us. However, even with all that, we were able to pull within six in the second half, and that was our last chance of making it a close game down the stretch. Then we went to the bench, and they started really going to the offensive boards. They probably got about 30 points off the offensive boards."

"We aren't a very big team. We're young and fairly small so that made it difficult for us keep them off the backboards. But, for a young team on November 13 after less than four weeks of practice, I'm very proud of the job we were able to do for the most part. We had two bad stretches: the one to start the first half where they got the lead, and at the 12 minute mark of the second half when we went several minutes without scoring a bucket."

"The biggest difference in the game was on the offensive boards. We're a little too small and would have probably had to play a different style tonight, and we didn't want to do that this early in the year, but we learned some things about our team that will definitely benefit us."

Memphis

Head Coach John Calipari

"We did a nice job defensively. I was probably on them more than I needed to be. I was on them about execution, which I am usually not as hard especially early in the season. I may be looking at Darius Washington like he is a second-year player but I am expecting more out of him than he is probably ready to give."

"The effort was there. We need Sean Banks to rebound, and he fought like heck in there and got 11 rebounds. I have been on him as hard as anybody I have ever coached. Joey Dorsey is now practicing hard and he is preparing himself in the shoot-around to play great. After the game, I told him this team needs you to play the way you played in the second half every game, which means if you practice that way, it will become a habit.

"I thought at times we were sloppy and held the ball too much. The game is not as easy if you hold the ball and do not pass it to each other. I thought the game got physical and it showed on us, and at halftime that was my biggest concern."

"For this early in the season, to guard the way we have been and to rebound the way we have, I am pleased."
